## NOTICE OF ALLOWANCE

### *Examiner's Amendment*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Barbara Benoit on May 26, 2005.

The application has been amended as follows:

In claim 1, line 5, delete –for communicating- and insert “to communicate”;

In claim 17, line 2, delete –for identifying- and insert “, that when executed by a processor, identifies”;

In claim 17, line 6, delete –for communicating- and insert “to communicate”;

In claim 30, line 5, delete –for communicating- and insert “to communicate”;

In claim 76, line 4, delete –access- and insert “communicate with”;

In claim 77, line 4, delete –access- and insert “communicate with”;

In claim 80, line 4, delete –for communicating- and insert “to communicate”; and

In claim 81, line 4, delete –for communicating- and insert “to communicate”

***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

It was not found to be taught in the prior art of locating a memory segment within a client communication system that stores client software used to communicate with a host communication system, determining whether the client software stored in the memory segment corresponds to client software for an official communication system, and identify the client communication system as an unauthorized client communication system when the client software stored in the memory segment does not correspond to the client software for an official client communication system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Wang et al, U.S. Patent 6,889,212 discloses performing authentication before installing code into memory to verify that the code is authorized to access resources and libraries to ensure proper operation.

Sprong et al, U.S. Patent 6,134,659 discloses of storing an authorization code in both clear and encoded form in a non-obvious location so that a check can be performed to determine if access to licensed software is authorized.

Tagawa et al, U.S. Patent 5,949,152 discloses of an ignition key generating and transmitting a first code for comparison in order to prevent theft of vehicles.

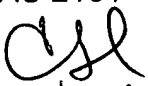

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher A. Revak whose telephone number is 571-272-3794. The examiner can normally be reached on Monday-Friday, 6:30am-4:00pm.
